

Parent Connect

Our traditional method of collecting pertinent family information involved families completing forms sent home in September. Over the course of the school year this information often becomes outdated. We want to ensure that we have the most current family information possible.

By logging into “Parent Connect”, families have the ability to update phone numbers, email addresses, medical information and emergency contact information. Fields that can be updated by the parent/guardian are phone numbers and email addresses, emergency contact names and phone numbers, emergency release and out of province contact names, phone numbers and email addresses.

Through Parent Connect parents can have access to their child’s attendance record, demographic information, emergency contact information, grades and a history of grades. Parent Connect allows one-way communication with teachers and the office. Parents can also print an Info Form (Elem) or an AM/PM Absence Profile for their student. Students currently in grade 7 will use Parent Connect to select courses in high school for next year.

Thank you for using Parent Connect.
